

BeComing Operating Instructions

SKU 3430

Discover new levels of orgasmic bliss with this discreet toy that fits in the palm of your hand. Touchless Airwave Technology and a whisper quiet motor makes BeComing a very special clitoral stimulator. The technology works by gently and indirectly, stimulating the clitoris with 11 different intensity levels ranging from super-soft to powerful. BeComing encircles the clitoris and stimulates it via 4,500 RPMs of pressure air waves, producing the most profound orgasms you will ever experience without overstimulation or feeling desensitized! Submersible and waterproof with a hygienically sealed membrane to protect mechanisms. Lay back and enjoy! You will Be Coming!

Easy To use

Cleaning and storage

Clean before and after use. Dry completely. For best results we recommend using Athena's (antibacterial) Mighty Tidy Toy Cleaner (SKU MTT-1235 4 oz. or SKU MTT-2762 8 oz.)

Store in a cool dry location.

Lubrication

Be sure to use ample lubrication with your bedroom toys. For great results try Athena's Perfectly Pure Intimate Moisturizer (SKU 5701). You can find additional lubrication options on our web site or in our catalog. Do not use this vibe with silicone lubricants.

Follow these simple steps to help extend the life cycle of your items

Do not store products near extreme cold or heat.

Do not store your adult toys in a manner where they are touching. Keep them separated to avoid melting or discoloring.

Do not place lotion bottles or adult novelties directly on furniture surfaces. Place them on a cloth to protect your toys and the finish on your furniture.

Operating

Spread the labia apart slightly so that the clitoris is exposed.

Encircle the clitoris within the stimulation head, using light pressure to keep a tight seal.

Discover new levels of orgasmic intensity.

Charging

Charging

Connect the USB cable to the USB port of your computer or other power source and snap the magnetic charge port into place at the base of the toy.

The LED light will blink when charging and become solid when fully charged. There is no danger of battery damage by overcharging, but we recommend to not over charge for long periods of time.
