

Blue My Mind Operating Instructions

SKU 3419

This new toy blew the minds of our research committee. The ergonomically designed rigid, silicone covered shaft is slightly curved like many of its counterparts in this category. However, this is no ordinary vibe! The tip contains out-of-this-world, 3-speed, G-spot thumping, pulsating power for internal sensations you've never felt before! The 10 function, flexible, flickering, external stimulator teases and tantalizes with some of the strongest vibration you'll ever encounter! The sleek 3-button control pad lets you independently operate the vibration and thumping options. The high-tech memory chip remembers just how you like it and will resume on the last function used. Your mind will be blown in and out of the bath or shower too!
