Set Up:

The straps slide under the mattress & the weight and friction from the mattress combined with the tension in the tethers to keep them from moving a significant amount. The cuffs fasten via Velcro and are padded for your comfort.

1. Slide the restraint straps under the mattress. (See image)
2. Position the restraint straps around the head and foot of the mattress. (See image)

Features

- 60% Polypropylene webbing
- 20% Nickel free metal
- 10% Polyester
- 5% ABS plastic
- 5% Hook and loop Velcro

Follow these simple steps to help extend the life cycle of your item.

Do not store products near extreme cold or heat.
