

Between Us Operating Instructions

SKU 3372

Mutual stimulation is thrilling with this harness compatible, non-phallic, silicone probe! One side is a smooth vibrating dildo with a bulbous G-spot or P-spot stroking tip. The other side is contoured to hug the body and cover the most sensitive areas with ridges and valleys that vibrate along with the dildo. With every thrust, both the giver and receiver realize a growing, intense excitement. Operation is a snap with the easy to find incremental intensity button for 7 speeds of vibration, pulsation and escalation.

Anal Play Note

The anus is one of the most sensitive orifices of the human body and it is usually the one least mentioned, despite the fact that gentle probing of the anus can bring every adult intense pleasure. Be daring and experience erotic pleasures and a wonderful feeling of sexual elation.

The rectal sphincter is extremely sensitive and should be stimulated with care. To ensure you have a healthy, safe and pleasurable experience, be sure to use an ample amount of lubrication (i.e. Athena's Perfect Harmony Lubricant) and remember never to insert anything into the vagina after it has been in the rectum without thoroughly washing it first!
