Note:

The anus is one of the most sensitive orifices of the human body and it is usually the one least mentioned, despite the fact, that gentle probing of the anus can bring men and women intense pleasure. Be daring and experience erotic pleasures and a wonderful feeling of sexual elation.

The rectal sphincter is extremely sensitive and should be stimulated with care.

To ensure you have a healthy, safe and pleasurable experience, be sure to use an ample amount of lubrication and remember never to insert anything into the vagina after it has been in the rectum without thoroughly washing it first!
