Using Your Rainbow's End

Slowly insert the smallest tapered end first. Be sure to use plenty of lubricant. This butt plug is an anal sex toy that's designed to be inserted and left in place and creates a sensation of fullness or pressure. As your pelvic muscles contract during orgasm, a butt plug can intensify the sensation by giving your body something to squeeze against. Using this toy as part of your sexual encounter can lead to intense anal fulfilment and amazing orgasms for men and women. The flared base at the end of the plug will ensure the plug insert all the way.

Anal Play Note:

The anus is one of the most sensitive orifices of the human body and it is usually the one least mentioned, despite the fact that gentle probing of the anus can bring every adult intense pleasure. Be daring and experience erotic pleasures and a wonderful feeling of sexual elation.
