

Tool Time Operating Instructions

SKU 3544

The right tool allows you to get the job done efficiently and get it done right! The ultra-smooth, silicone shaft tapers to a rounded, curved head. This powerful instrument for pleasure thrusts, providing extraordinary G-Spot stimulation! The handle features a vibrating tip on one end and a sassy flipper on the other. The gratifying 'T' shape design fits beautifully in the hand and is controlled by one simple button. Two 10-speed motors work simultaneously to equip you to do your best work. The flared base makes *Tool Time* safe for sensual anal exploration too. For added delight, it is submersible for indulgent water play. Add *Tool Time* to your toy box and get to work!

Run time low speed: 2 hours

Charging

This vibrator arrives with a partial charge. Charge completely prior to first use. Connect the USB cable to the USB port of your computer or other power source and insert the charging cord directly onto the toy.

The light on the control button (at base) will flash when charging and remain solid when fully charged. Full charges take about 2 hours. There is no danger of over-charging, but we recommend not to charge for long periods of time. Battery life depends on frequency and speed of use. We recommend fully charging your product once every 6 months. Only use the cord supplied with this product or an Athena's authorized replacement cord.

Complete charge: 2 hours

Run time high speed: 1.5 hours

Run time low speed: 2 hours

Cleaning and storage:

Clean before and after use. Dry completely. For best results we recommend using Athena's (antibacterial) Mighty Tidy Toy Cleaner.

Lubrication:

Be sure to use ample lubrication with your bedroom toys. For great results try Athena's Perfectly Pure Intimate Moisturizer (SKU 5701). You can find additional lubrication options on our web site or in our catalog.

Follow these simple steps to help extend the life cycle of your items:

Do not store products near extreme cold or heat.

Do not store your adult toys in a manner where they are touching. Keep them separated to avoid melting or discoloring.

Do not place lotion bottles or adult novelties directly on furniture surfaces. Place them on a cloth to protect your toys and the finish on your furniture.

Store in a cool dry location.

Caution :

For adult use as a non-medical pleasure device only. Discontinue use in the event of any medical condition or pain.

Warranty:

All sales are final due to the intimate nature of our products. No cash refunds will be given. This motorized product is guaranteed for 5 years for a replacement of the exact item. If you purchased this item at a party and need a replacement, please contact your Goddess or Adonis directly. If you purchased this product on the Athena's website and need a replacement, call (877)-ATHENAS or email our Customer Care Liaison at customerservice@athenashn.com for instructions to send back your item.

Operating

Turn the toy on by pressing the Power Button at the base of the toy for at 3-4 seconds. The toy light will flash and enter standby mode. Tap the same Power Button to activate both motors and cycle through 10 speeds and functions of vibration (the toy light will appear steady). Turn the toy off by pressing the Power Button for 3-4 seconds. If left on standby, the toy will turn off automatically after 10 minutes.

Anal Play Note: The anus is one of the most sensitive orifices of the human body and it is usually the one least mentioned, despite the fact that gentle probing of the anus can bring every adult intense pleasure. Be daring and experience erotic pleasures and a wonderful feeling of sexual elation.

The rectal sphincter is extremely sensitive and should be stimulated with care. To ensure you have a healthy, safe and pleasurable experience, be sure to use an ample amount of lubrication and remember never to insert anything into the vagina after it has been in the rectum without thoroughly washing it first!
