**Anal Play Note:** The anus is one of the most sensitive orifices of the human body and it is usually the one least mentioned, despite the fact that gentle probing of the anus can bring every adult intense pleasure. Be daring and experience erotic pleasures and a wonderful feeling of sexual elation.

The rectal sphincter is extremely sensitive and should be stimulated with care. To ensure you have a healthy, safe and pleasurable experience, be sure to use an ample amount of lubrication (i.e. Athena's Perfectly Pure) and remember never to insert anything into the vagina after it has been in the rectum without thoroughly washing it first!

## Charging

Fully charge product before use. Insert input plug at the base as shown below and connect the USB output plug to the USB port of your computer or other power source. The LED light will flash while charging and glow solid when fully charged. Battery life depends on the frequency and speed of use. We recommend fully charging your product once every 6 months.
